

Scalability & Future Plan Template

Field	Value
Date	Not provided in source report
Team ID	Not provided in source report
Project Name	ComicCraft – AI-Powered Comic Story Generator
Maximum Marks	5 Marks

Current System Limitations

ID	Limitation	Priority / Impact	Impact
1	Single comic generation in current version	Medium	Limits repeated or multi-project usage.
2	No user authentication	Medium	No user-specific access or account management.
3	No cloud storage	Medium	Generated comics are not documented as persistently stored.
4	Quality depends on AI models and prompts	Medium	Output quality may vary.
5	AI service availability and response time can affect generation	Medium	Generation experience depends on external services.

Scalability Plan

Category	Current State	Proposed Changes / Solution
User Load	Single-comic generation	Support multiple users and concurrent generation.
Data Storage	Cloud storage not included	Add cloud storage for saved comics.
Performance	No formal benchmark documented	Profile generation workflow and optimize service calls.
Security	Authentication not included	Add user authentication and appropriate access controls.

Future Roadmap

Phase	Planned Features / Enhancements	Timeline	Expected Impact
Phase 1	User login and authentication	Future	User-specific access and management
Phase 2	Cloud storage for generated comics	Future	Persistent saving and retrieval
Phase 3	Multilingual generation; additional themes and visual styles; voice input	Future	Broader accessibility and creative options
Phase 4	Real-time editing; mobile applications; improved AI models	Future	More control, portability and generation quality
